Dear Matt,

Barbara and I would like to express our appreciation for the exceptional job that you and your crew performed in painting the exterior of our home.

We enjoyed meeting with you and appreciated your expert advice in planning our project. Your crew was very pleasant and courteous and did their utmost to give us a quality paint job, with exceptional attention to detail. You completed the job as scheduled, and the gardens and area around our house were virtually undisturbed. You certainly lived up to your motto of "*Pride, from estimate through final brush stroke*".

We look forward to working again with you in the near future. We would be very happy to provide a recommendation to future customers and proudly show our home as an example of your expertise!

Thanks again Matt to you and crew!
